Featuring Keynote Speaker
Ridley Barron:
“Every ½ Second Counts”

Ridley Barron is an author, internationally known speaker and tireless advocate for patient safety. He is also the Founder and President of Ridley Barron Ministries in Thompson Station, Tennessee.

Carrying the power of personal experience, Ridley approaches the subject of Patient Safety as few can.

His powerful message of hope, healing, and forgiveness empowers patients, families, clinicians and those impacted by adverse medical events. It leaves a lasting impression and offers challenging improvements in patient safety. Ridley’s story of hope has continued to have an impact with business executives, members of our military, healthcare workers and many families. The power of his story is evident by the number of people who have said it has changed their life forever.

“Every ½ Second Counts”

Ridley Barron’s presentation is a significant one for every healthcare worker. From the new CNA to the seasoned CEO his powerful message leaves a lasting impression. The tragic events surrounding his son and his family provide the backdrop for what is a powerful message on quality of care, excellence in health care, full disclosure and the second victim...providing the listener with 7 Steps to Quality Care.

Also scheduled to speak:
James (Jamie) Caldwell, Pharm.D.
Rhonda M. Wyskiel, RN, BSN
Anne Loehr

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based activity (UAN: 0025-9999-15-158-L05-P) meets ACPE criteria for 5.25 contact hours of continuing pharmacy education credit. Successful completion of this activity requires the pharmacist to sign in to the meeting, participate in the entire activity, and submit an activity evaluation. Partial credit can not be granted for this activity. The activity evaluation will be an online survey available for 72 hours after the conclusion of the activity. Statements of credit will be uploaded to CPE Monitor within three weeks after the activity. This activity is jointly sponsored by the University of Maryland School of Pharmacy and the Maryland Patient Safety Center.
