

### Day-At-a-Glance

This educational activity is jointly provided by **AXIS Medical Education** and **MPSC**

- Overview:** The Maryland Patient Safety Center’s (MPSC) Annual Medication Safety Conference addresses key medication management and safety issues in healthcare. This year the conference will focus on the medication management issues made more pronounced during a pandemic and how organizations handled them. Issues in supply management, reduction of wastage, surge and more will be discussed, as well the lessons learned and the changes in practice that resulted.
- Target Audience:** This activity would most likely appeal to those with interest in and/or the activity’s content would best apply to the following fields: Nursing, Pharmacy, Physician, Quality, Patient Safety, Risk Management, and other healthcare providers
