Patient & Family Engagement During COVID-19: 
What can we do? How will it help?

LIVE Webinar  I  Friday, May 8th, 2020  I  10:00 am – 11:00 am EST

Join our panel of patient advocates and patient safety experts as we discuss ways to address new challenges posed by the COVID-19 crisis:

• Changes to visitation policies and practice guidelines
• Engaging your Patient and Family Advisory Council (PFAC) for support
• Palliative care and mental health needs of patients separated from families
• Effective communication strategies between provider and family
• Supporting communication between patient and family
